# SALE CONDITIONS

## Irish Pure Friesian Heifer Sale Kilkenny Mart, Co. Kilkenny, Wednesday 22<sup>nd</sup> October 2025 CONDITIONS OF SALE

1. The highest bidder to be the purchaser, subject to paragraph 3, and if any dispute should arise between two or more bidders then the lot in dispute to be put up again and re-sold, or the auctioneer may declare the purchaser.
2. Purchaser to give their names and place of abode in advance of the sale either by registering with Kilkenny Mart via "MartBids" ([www.martbids.ie](http://www.martbids.ie)) or by calling the mart on 056 772 1407. A unique purchaser number will be assigned to each purchaser before sale commences. Purchaser is responsible for payment for relevant lot upon the fall of the hammer.
3. All lots to be cleared away at the buyer's expense at the close of the sale, to be at the risk of the purchaser from the time the lot is sold and to be taken with all faults and errors of description.
4. All animals are sold as they stand and the purchaser is deemed to have examined each animal and fully satisfied himself/herself about the animal prior to the sale.
5. Stock to be sold in euros. Fees; purchasers will pay a 5.0% commission.
6. The sellers and the auctioneers hereby excluded have described the stock to the best of their ability and knowledge, any express or implied conditions, warranty or representation statutory or otherwise.
7. Stock will be sold in the order in which they appear in the catalogue.
8. A more complete list of our conditions of sale can be viewed on our noticeboard or on our website at [www.kilkennymart.ie](http://www.kilkennymart.ie)  
Important:

Disclaimer of Liability: Kilkenny Mart make no representations, warranties, or guarantees, whether express or implied, regarding the fertility or breeding performance of any animal sold through their sales or auctions. All animals are sold "as is" at the time of sale. It is the sole responsibility of the purchaser to thoroughly inspect, examine, and satisfy themselves as to the condition, health, and suitability of any animal prior to bidding or purchase. Once the hammer falls and ownership transfers to the purchaser, all risk, responsibility, and liability for the animal passes to the purchaser. Under no circumstances shall Kilkenny Mart be liable to refund, reimburse, or otherwise compensate the purchaser for any loss, expense, or claim arising from an animal's ability to breed or perform after the sale, regardless of cause.

# FOREWORD

Welcome to this showcase sale of high-quality British Friesian heifers. All stock is at least 87.5% British Friesian, from a Dam classified at VG85 or above, and above 3.5% protein. It is the sincerest wish of the eight club members selling these heifers this evening that they will go on to contribute to the development of successful cow families in their new herds.

Why this sale? Why now?

With the support of the IHFA, and sponsors, trade exhibitors and host farms, the Irish Pure Friesian Club has hosted National Open days each summer. Attendee numbers and interest in the breed have grown every year. The club is growing too. This evening, club members present this selection of top-quality British Friesian heifers, the likes of which only very rarely come up for sale. To have an occasion to showcase so many breeders in one location was too exciting an opportunity to miss. Events like this sale this evening generate excitement and awareness about this wonderful breed and the beautiful cows that contribute generously to our farm families.

The sale this evening caps off a day where we discussed as a club with supporters and sponsors, the traits and economics that can make this British Friesian cow a game changer for dairy farmers. Our seminar today touched on some crucial factors that can contribute to your farm's successful embrace of more British Friesian genetics. With the support of IHFA classification, you will have a progression pathway to an attractive herd of quality cows.

The club and our members and our customers are enthusiastic believers in the benefits of the British Friesian breed to our Irish grass-based systems. She is fertile, easily maintained, has excellent longevity, and produces male calves with a high value in a beef enterprise.

And she is a picture to look at.

We as a club are proud of our cows. And I am proud of our club. Hopefully, this will be the start of more of these new events for this proven breed.

Acknowledgements

I would like to thank our Sale Committee, Jim Corby, Francis Fitzgerald, led by John O'Connor, for the exceptional standard they have achieved and the number of club members they encouraged, and that have chosen to be a part of this sale.

The club relies on the ever-available support of the IHFA, with CEO Laurence Feeney and the team always on hand to help and guide. Today and this sale would not have been possible without them. The Irish Pure Friesian Club operates under the auspices of the IHFA and is incredibly grateful to them and all our sponsors and trade stand exhibitors that came on board today. FBD Insurance, the FDC Group, Eurogene AI and all of our trade stand exhibitors brought life, energy and the financial means to help us continue to thrive.

Thank you to our friends in the UK British Friesian club for their interest in our efforts to progress the British Friesian cow for our Irish grass-based system.

I take this opportunity to wish all purchasers well with their new stock, and to invite anyone interested in our progress to join our club.

**Patrick Quealy,**  
**Chair, Irish Pure Friesian Club**

# THE HERDS PRESENTING ANIMALS FOR SALE

## **Ballykennedy Pure Friesians - John O'Connor and Family, Co. Limerick**

At Ballykennedy, our passion has always been with the Pure Friesian breed and the unique qualities they bring to both pedigree and commercial farming. When moving into pedigree cattle, my late father laid the foundation of our herd with the purchase of 50 Friesian cows from the renowned Munster herd at their dispersal.

Since then, the herd has steadily grown to over 150 pedigree Pure Friesian cows, built on strong cow families, high classification, and excellent milk solids production. Breeding decisions are made with a clear focus on KG of solids, classification, and proven cow families; traits that have delivered consistent results over the years.

Our breeding program has not only produced quality stock but also earned repeat customers for both bulls and heifers, a testament to the strength and reliability of the Ballykennedy Friesians.

We are also proud to have won the Irish Pure Friesian Herds Competition in both 2023 and 2024, highlighting the consistency and quality of our cattle.

The Ballykennedy herd now offers an excellent opportunity for buyers looking to invest in strong, productive, and well-bred pedigree Pure Friesians.

Contact: John O'Connor 087 648 1432 Jack O'Connor 087 606 0255

2023, Winner of the Overall Herd award in the AXA Insurance, Irish Pure Friesian National Herds Competition

2024, Winner of the Overall Herd award in the AXA Insurance, Irish Pure Friesian National Herds Competition

## **Grenan Pure Friesians - Michael & Patrick Quealy, and Families, Co. Waterford**

We have had a British Friesian herd for over thirty years, grading up to pedigree in the early 2000s. We operate a spring calving system, calving all cows to British Friesian. All male calves are reared on the farm with some exceptional genetics sold as breeding bulls, but all others finished as steers at two years old.

All heifer calves are reared on the farm and calved at two years old, with surplus heifers sold freshly calved.

In 2024 the herd produced an average of 6,789 litres at 4.46% fat, and

3.51% protein, which was 541KGs of solids, and a SCC of 137. This was achieved off mainly grazed grass and approximately one tonne of concentrate, throughout the year.

We place a big emphasis on cow type, with classification playing a huge part. At the moment we have 21 EX and 70 VG cows in the herd.

2023 Winner Senior Cow class, Iverk Show

2025 Winner First Lactation Heifer class, Iverk Show

Won the senior section of the Waterford/Tipperary Herds Competition 2024

### **Dekeana Herd - Henry, Yvonne, and Sam Dudley**

Based just outside Templemore Co. Tipperary. 82 spring and autumn calving cows. Had certain pedigree lines but graded up in 2019 and started classifying that year also. When breeding emphasis put on classifications, milk and protein % in recent years.

In 2024 the herd produced an average of 7021 kgs milk 528 kgs MS at 3.54 protein and 4.01 fat.

Sam was awarded the Judge's Choice award by Adam Lawson in the AXA Insurance, Irish Pure Friesian National Herds Competition, 2024. In the judge's view, "Sam is a very enthusiastic young breeder who is developing a very good herd of cows. He has a great knowledge of the breed and his herd."

### **Ballyhusa Herd - Ivan, John and family, Co Waterford**

First British Friesian animals in the herd were a bull and heifer bought in 1949. John's father brought a bull to the Waterford Show in 1953 and was male champion. In 2005 Ballyhusa hosted the Irish Pure Friesian National Open Day. Throughout the 1960s the herd won several trophies and awards, and more recently, in the club awards they have featured in the protein awards. In 2022 Ballyhusa Bluebell 81, EX91 was selected to represent the breed at the Ploughing Championship in the IHFA stand.

John's favourite trait of the British Friesian dairy cow is their health.

### **Gortfada Herd - Francis, Catherine Fitzgerald and Family, Co. Limerick**

We have been breeding British Friesians since the early 1960s on our farm in Kilfinny, Adare, Co. Limerick. Our cows have great type, production, and fertility. When we are selecting sires, we like to choose ones that have the ability to complement our own cows. We like to see a recognised ancestry in the back breeding of the bulls.

We are convinced that the longevity and regular calving dates of the dam and grand dam are especially important as well as the consistency

# THE HERDS PRESENTING ANIMALS FOR SALE

of fat and protein levels, with overall milk production. In 2024 Gortfada won the Cow Family award in the AXA Insurance, Irish Pure Friesian National Herds Competition

## **Boolonunane Herd Vincent Carr and Family, Co. Tipperary**

Pedigree herd established in 1994 and is located in Hollyford, Co. Tipperary. As our farm is averaging over 1,000 feet above sea level the British Friesian is a very successful breed for us, for production, easy got in calf, while still maintaining body condition. These traits and more set the breed apart for us and for many. They are the reason we continue to breed British Friesian with the genuine hope of further improving the Boolonunane Herd in years to come.

## **Ballynagrana Herd - James and Elaine Corby & family, Co. Tipperary**

Ballynagrana Pure Friesian herd was established in 1960 by Elaine's father James Hickey with foundation stock coming from Cullhanes of Castletroy. Pedigree bulls and heifers are sold annually since then.

Notable success were two bulls sold to Munster AI home, Ballynagrana Torello 20 TYP, grand sire of Lot 9, and the extremely popular Ballynagrana Centurion 2 GTW who has many sons standing in AI stud today. He is great grand sire of Lot 2.

GTW's dam Ballynagrana Jean 10 is great grand dam of Lot 13.

## **Kilsunny Friesians - Trevor, Louise & Edward Dudley, Co. Tipperary**

Contact number: 0863559210.

We farm outside Dovea in Co Tipperary and have been milking cows there since 1949 with the pedigree herd established in 1981. We are currently milking seventy cows on an all-year-round production system with the herd split 70:30 Spring to Autumn calving. Almost 100% of the cows are bred to pedigree Pure Friesian with the premium of pedigree progeny negating the need for any beef bull use on the dairy herd. We sell around thirty pedigree breeding bulls off farm each season with surplus females generally sold as calves at 3-6 weeks old. We also operate a small-scale pedigree suckler herd of Hereford, Angus, and Shorthorn beef cattle.

Awards won by Kilsunny Friesians over the years include, 2023 IHFA Master Breeder Award; 2024 IHFA All-Ireland Friesian Heifer in Milk Champion; Named on the IHFA Top 50 herds on classification each of the last two years; 16 homebred Kilsunny cows achieved IHFA Diamond Award status, classified EX and produced over 3000 kgs of protein. Sold multiple bulls into AI in Ireland and the UK, most recently FR8070 who is standing at Dovea Genetics. Kilsunny achieved the top priced dairy bull at Kilkenny, March 2024 selling Kilsunny Herbert 4 for €3300 and top priced Pure Friesian heifer at the Emerald Expo, April 2025 selling Kilsunny Ruby 218 for €3050.
